

ANDROS SOUTH

THE BAHAMAS

WHAT TO PACK

We recommend long-sleeved shirts and long pants while on the flats. Liberally apply a waterproof sun block of at least 30 SPF rating to all exposed skin including your ears and lips. Re-apply occasionally through the day and consider a wide-brimmed hat. Even on sunny days we suggest including a rain jacket in your boat bag. Boat spray can occur at any time and a cloudburst can form when least expected.
